TITLE Directory of Higher Education Programs and Faculty. Third Edition.
INSTITUTION Association for the Study of Higher Education.; ERIC Clearinghouse on Higher Education, Washington, D.C.
PUB DATE Mar 82
NOTE 57p.

EDRS PRICE MF01/PC03 Plus Postage.
DESCRIPTORS *College Faculty; *College Programs; Cooperation; Educational Resources; Full Time Faculty; *Higher Education; Human Resources; Intellectual Disciplines; Interprofessional Relationship; Part Time Faculty; *Postsecondary Education As a Field of Study; *Research and Development Centers; School Surveys

ABSTRACT

A directory of higher education programs and faculty members was prepared to promote increased interaction among the individuals who are the primary producers and users of higher education publications and who are involved with the training of future higher education faculty members and administrators. The directory was compiled through an updated survey of higher education programs listed in the 1979 "Directory" and other programs that have since been established. Individual programs and research centers are listed first, along with the head of the program, mailing address, and telephone number. The second section is an alphabetical listing of the faculty, their institutions addresses, and coded list of their teaching or research interests. The directory is limited to part-time and full-time faculty within a higher education program as reported by their institutions. (SW)

INTRODUCTION

The Association for the Study of Higher Education is a society of scholars, researchers, practitioners, and graduate students dedicated to the advancement of higher education as a field of study. The Association facilitates formal and informal communication among its members through conferences, publications, and the scholarly journal, *The Review of Higher Education*.

The Clearinghouse on Higher Education is part of the Educational Resources Information Center (ERIC), a nationwide, comprehensive information dissemination system funded through the National Institute of Education of the U.S. Department of Education. The Clearinghouse is responsible for creating greater awareness, availability, and use of the literature concerned with higher education.

To promote increased interaction among the individuals who are the primary producers and users of higher education publications and who are involved with the training of future higher education faculty members and administrators, ASHE and the Clearinghouse have joined together to produce this directory of higher education programs and faculty members. The programs and individuals listed in this directory were compiled through an updated survey of higher education programs listed in the 1979 Directory and other programs that have since been established.

This edition of the Directory of Higher Education Programs and Faculty is divided into two sections. Individual programs and centers are first listed along with the head of the program, mailing address, and telephone number. The second section is an alphabetical listing of the faculty, their institutional address and coded list of their teaching or research interests.

It should be noted that the alphabetical listings in Section II do not include all ASHE member's names. This directory is limited to part-time and full-time faculty within a higher education program as reported by their institutions. An ASHE membership roster is published on alternative years.

This list is part of the Clearinghouse's master computer list and can be searched and reformated in a variation of ways for mailing labels. For more information, contact the Clearinghouse or the Association.

ASHE and the Clearinghouse on Higher Education are pleased to be able to join together in this cooperative publication. We believe it is a useful tool for increasing the communication between the individuals who are involved with the teaching and research of higher education.

Higher Education Program Faculty
Full-Time and Part-Time

The following section lists higher education program faculty as reported through survey responses. First, full-time faculty names appear with institutional addresses and a coded list of their teaching or research interests. Second, is a list of part-time faculty. Only the institutional affiliation appears because most part-time faculty offices are located outside the higher education program department. To obtain these mailing addresses it is suggested that the program office be contacted.

The codes for research and teaching interests are as follows.

A. Adult/Continuing Education
B. College Student
C. Community Colleges
D. Comparative/International
E. Current Issues
F. Curriculum/Instruction
G. Educational Policy
H. Faculty Issues
I. Finance
J. Foundations/ History/Philosophy
K. Governance
L. Innovative/Nontraditional
M. Legal Issues
N. Management Information Systems
O. Organization/Administration
P. Public Policy
Q. Research/Evaluation
R. Sociology
S. Student Personnel Administration/ Counseling/Human Development
T. Teacher Education
